Specifications

Base Exterior: Top is one-piece heavy-gauge stainless steel with integral 2.12″ square nosing on front with 1.62″ turn up at the rear. Sides are heavy-gauge single thickness stainless steel with 2″ bends on front and rear.

Base Top: Top is available with (1) 12″x20″ pan opening with 2″ recessed integral pan rests. 1″ removable stainless steel perforated bottom is standard.

Base Interior: Bottom shelf is heavy-gauge stainless steel with 3″ high riser at the rear.

Overshelf: Double tier overshelf is constructed of heavy gauge stainless steel and is welded to the top of the base module. Overstructure cantilevers to rear of base. Each shelf is 20″ deep and has a standard 5″ brace with removable cover to act as an electrical raceway for field added components.
